*"I was so happy,
I nearly caught the sky with
laughing & crying"*
Munyamadzi

Lions, zebras and buffalos. Everything about this reserve is outstanding. The wildlife is abundant and the gentle rolling grasslands ensure that animals are never out of sight. Birds, too, are prolific. Including migrants, well over 450 species have been recorded, among them, 57 species of birds of prey. The climate is gentle, rarely too hot and well-spread rainfall year round. Rain, when it falls almost always chooses the late afternoon or night.
